

1ST INTERNATIONAL UHWB SUMMER SCHOOL 2022

Urban Health and Ecological Civilization

July 25-29, 2022 | Online Lectures

Organised by
Urban Health and Wellbeing Programme
Institute of Urban Environment, Chinese Academy of Sciences
Alliance of International Science Organizations

The 1st international UHWB summer school brings together international thought leaders to present ideas, concepts and cases and to discuss how healthy urban environments can shape ecological civilization. The courses aim at connecting the two concepts of urban health and ecological civilization and to deliberate on the question “which role urban and rural civilizations alike can play in safeguarding the health of people, cities and the environment.”
